All alone  
Standing here  
Looking out  
Your face is clear

I'm missing you  
And the things we do  
In the sun  
I'll think of you

Your still in my dreams  
Looking for me  
You found me somehow  
Suddenly

Everyday  
I hear the words you say  
You smile at me in the mist of the sea  
Then the day  
You went away  
Still in my dreams  
Your still here with me

You'll always be  
The one to see  
The sun rise up  
Into rivery

As you smile at me  
And take my hand  
Their memories  
Left in the sand

Your still in my dreams  
Looking for me  
You found me somehow

Suddenly

Everyday

I hear the words you say

You smile at me

In the mist of the sea

Then the day

You went away

Still in my dreams

Your still here with me

Everyday

I hear the words you say

You smile at me

In the mist of the sea

The the day

You went away

Still in my dreams

Your still here with me

Everyday

I hear the words you say

You smile at me

In the mist of the sea

The the day

You went away

Still in my dreams

Your still here with me
