C'mon on baby let us play a game  
Don't need to know your name  
Tonight you're my one desire  
I offer you a night you won't forget  
I know you won't regret  
Because you set my heart on fire

A girl like you is just so hard to find  
Go and blow my mind  
Could even be my one and only  
I wanna have you in my arms tonight  
I can't resist the sight  
you drive me absolutely crazy

Come with me baby  
Let's make it last forever  
Let's do it baby  
Just you and me together  
You pull me closer  
Feel me so deep inside you  
So do it baby  
You make me crazy

Last forever..  
You and me together..

My body's burning like I know his name  
You are the one to blame  
You know you can't resist addition  
Tonight your every dream will be for feel  
You know for sure I will  
I wanna feel this wrong sensation

A sexy lady got me to my knees  
It's getting hard to breathe  
I want to feel your body's friction

I'm gonna make you drive me ecstasy  
There's only you and me  
A game of ? with no conviction

Come with me baby  
Let's make it last forever  
Let's do it baby  
Just you and me together  
You pull me closer  
Feel me so deep inside you  
So do it baby  
You make me crazy
