I remember way back when
we fell in love
playing hide and seek in the garden
romancing in the breeze
take me where i wanna be
in your arms
in extacy

you mean the world to me
and you make me whole
I never felt this way
feels like heaven
ooh
Heaven
Heaven, i wanna stay in your arms
Heaven, feels so good inside
Heaven

say you're gonna stay a while
holding me loving me
through the midnight hours
a quiet storm for two
paradise in your eyes
let go, relax your mind,let go baby

you mean the world to me
and you make me whole
I never felt this way
feels like heaven
owww
Heaven
Heaven, it feels so good to be here baby
Heaven, so sweet so sweet
Heaven, the way you love me baby
heaven, i don't wanna go nowhere
heaven, i wanna stay right here in your arms
heaven, girl you make me feel so good
heaven, i made her fall in love
Heaven, taste your sweet love oh your sweet love
Heaven, girl
