Yesterday I was a new man  
Today I feel like I been scammed  
I look outside my window  
I'm up so high, but I'm feeling so low  
I made my way to the hill  
Head set on over kill  
An old man sat beside me  
Telling me of life in the army

Outside of my eyes  
I feel myself running  
The fuck  
Outta time

Today I am a new man  
Everyday I will be scammed  
The morals that everyone is fuckign dammed  
The city never sleeps  
Not for you and not for me  
We pray for release  
Pray to be free

Outside of my eyes  
I feel myself running  
The fuck  
Outta time
