I was your baby
Said I drove you crazy
Said that you needed me
More than life itself

I took it in
You made me feel love again
You took me deeper than
I've ever been

But in my heart of hearts
Something told me that
This was too good to be true
I wanted to be wrong
I wanted my heart to trust you

Chorus:
Why do I always fall for love
Always fall for love
With the kind of lover
That doesn't want to fall in love
Always fall for love
Always fall for love
With the kind of lover
That doesn't want to fall in love

You were sweet
In your arms I was complete
Every minute by your side -
I was satisfied
You gave me what I needed
Lonely nights were gone
Tell me what went wrong

I thought that it would work this time
But it seems that you were never really mine
I wanted to be wrong
I wanted us to be one

Repeat chorus

Always the one

Who makes mistakes
Always the one
Who's heart will break
Why do I fall in love
With you

Repeat chorus
