Seems like I'm going crazy  
going out of my mind  
won't you let me down  
cause every time I feel lonely  
close my eyes realize  
true love is so hard to find

Girl take my hand and just follow  
heaven sent you must be  
a guardian angel for me  
one chance is all that I ask for  
what you'll see is a man as proud as can be

if I could change the world  
change the world for you  
I would my baby  
there's nothing I won't do

Now that we're finally together  
see all things fall to place  
the way they ought to be  
to me always means eternally  
means that time never ends  
we could be more than friends

I'll take my time  
show this world that you're mine  
together through all changes yeah  
give you all that I can be all you see in a man  
travel this world show you places

if I could change the world  
change the world for you  
I would my baby  
there's nothing I won't do

Can't help but feeling the way I do  
girl I do it all out of love  
Girl I'll change the world for you  
I'll give you all of my heart  
I'll give you all of my time

give everything girl  
there's nothing I won't do
