"Don't Walk Away"

For so long I've been walking around
trying to make a change for once in my life
all the things I've said and the things I've done
I know apologies are not enough
There've been some ups and
there've been some downs
but whenever I was lonely you were always around
I should've been there for you like a true friend should
so if you give me half a chance I know that I would

Baby don't walk away
baby don't take this love from my heart
Baby don't walk away from me now
cause I love you,
I need you for the rest of my life, I do

You've been working hard now baby all day and night
try to make a happy home for me and your child
can't help but feeling this shame
for not seeing you through
turning tables around putting pressure on you

Baby don't walk away
baby don't take this love from my heart
Baby don't walk away from me now
cause I love you,
I need you for the rest of my life, I do

Been working hard to make things alright
been working hard to see you satisfied
see I've changed for the better
got my feet on the ground
there'll be no stormy weather
for you and your child
