She want a big house, no car
Just moved to LA tryin' to be a superstar
He put his hands on you yeah I'm a turn it right, you
Just popped the honey bottles and barely 22
Keep doing what you doing, keep doing what you doing
They gonna call you 'bout you doing
Just tryin' to get the ring but fuck with me
Just gets you bitchin' honey
50 on the car should've paid that on my rent
I know you seem them dollars
That's why you want them bawlers, right?
It's the grab fingers but you swear that you the model
type
She moved down to Miami, I swear she poured her
She running through niggers 'till she done, I call her
ready
I'm tired of these fakers always saying that they love
me
The sex was a spoil, fuck you we're playing rugby
I got beamer Benz and Bentleys, their matches on the
West
Steady taking deep, you can't pass the test
No limit on my beany, she know I got that genie
She claim that she was mad but today she wanna see
me
I'm worth a hundred amps, that's 700 k's
If I'm a let it jay got me to the fucking beats

Get it girl, let me see you go
Get it girl, show me how you do it
Get it girl, I like the way you do it, do it
You know you do it, do it
Get it girl, let me see you do it, do it
Get it girl, show me how you do it, do it
Get it girl, I like the way you do it, do it
You know you do it, do it
She know what she got

A ball player and rapper, college student and trapper
Went home for the holydays, her parents thought I
kidnapped her

Niggas mad at me, 'cause she only want me
Shit, I bawl like I'm ap, Louis all on my feet
I got my movie on my wrist, â€ all on my knee
You felt that 777 I ain't talking about that jet
We got them millions on millies
My pap said don't love them
I don't trust them, I just hallow
When they hot like they hot now
I gotta just hallow, throw a few dollars
Beat it up like piÃ±ata, I can't even hate, though
These girls be on their free throw
But like I said in that first verse,
Find me that beedo, haters y'all deep throat

Get it girl, let me see you go
Get it girl, show me how you do it
Get it girl, I like the way you do it, do it
You know you do it, do it
Get it girl, let me see you do it, do it
Get it girl, show me how you do it, do it
Get it girl, I like the way you do it, do it
You know you do it, do it
She know what she got
