I said he's coming for ya x 3  
Listen- You step foot in the rave it's pitch black dark  
The beat beats at the same time as your heart  
Holler, your brain is saying to get the hell out  
But when you first stepped in the rave your brain fell  
out  
It goes deeper, ear drums are blown by the speaker  
Your brain moves slow because of the deeper  
You smoke before the rave plays a creeper  
That will teach ya and I'm like a creature, I will eat ya  
PRE-CHORUS  
Yo, who's there? Somebody's calling me  
Yo, who's there? Somebody's following me  
Yo, who's there? Somebody's haunting me,  
somebody's haunting me  
CHORUS  
Just wait till the Ju Ju man comes for you (it' Mera)  
Me, myself and my voodoo crew  
You just don't know  
(repeat)  
You're walking home and you wonder why this lighting  
strikes  
It sounds of thunder you're under, You look up and you  
see no stars  
Walking down the street you see no cars, clubs are  
empty so are the bars  
It's insane- Lighting, thunder but no rain- the streets  
just ain't the same  
Footsteps behind ya starting to gain  
You turn around but there's no-one around, it's  
messing with you brain  
Speed the bass up, feel a shiver running down your  
spine from your waist up  
Stop- Look at your shoes, you need to lace up before  
you trip up  
And take a trip to the floor with your clothes rip up  
PRE-CHORUS  
Yo, who's there? Somebody's calling me  
Yo, who's there? Somebody's following me  
Yo, who's there? Somebody's haunting me,  
somebody's haunting me  
CHORUS

Just wait till the Ju Ju man comes for you (it' Mera)  
Me, myself and my voodoo crew  
You just don't know  
(repeat)  
Again  
Oh no- The colour of my eyes turn red  
Oh no- I can't tell if I'm alive or dead  
Oh no- Somebody be messing with my head  
Oh no- It's killing off all my street cred x 2  
As it enters you spine and the bass makes you whine  
Resonate in your mind like the scene from a crime  
It pleads over and over, again and again  
Like the movie starts and it just won't end  
Taking over your body you're losing control  
When you think that it's safe but you just don't know  
And the last thing that you hear was his voice in your  
ear, with a message of fear  
Just wait.. x 3  
CHORUS  
Just wait till the Ju Ju man comes for you (it' Mera)  
Me, myself and my voodoo crew  
You just don't know  
(repeat)  
PRE-CHORUS  
Yo, who's there? Somebody's calling me  
Yo, who's there? Somebody's following me  
Yo, who's there? Somebody's haunting me,  
somebody's haunting me  
CHORUS  
Just wait till the Ju Ju man comes for you (it' Mera)  
Me, myself and my voodoo crew  
You just don't know  
(repeat)
