There's only one thing on your mind
It's written all over your face, baby
So tell me what's the point of wasting time
I know you got a scheduled appointment with (my body,
my body)
I got a scheduled appointment with (your body, your
body)
Don't worry, I know what time it is, girl

Damn, I gotta win her
But she's no sinner
If it was up to me
I'd have her every night for dinner
Met her last summer
We going on november
If she's a playmate
Then I'm guessing she'll be miss december
I swear to god I love her
I swear to god I need her
If it was up to me
I would never ever leave her
But she's no believer
More of a realist
And every day I tell her
Babe, baby you're the illest

You got that bread pudding
Them baked cookies
I love her cookie jaw
She's got the best goodies
She go to school for law
But she like to play doctor
Never sick but I'm scheduled forever

Chorus:

There's only one thing on your mind
It's written all over your face, baby
So tell me what's the point of wasting time
I know you got a scheduled appointment with (my body,
my body)
I got a scheduled appointment with (your body, your

body)

Don't worry, I know what time it is, girl

I'm on my g5 flying 'cross the indian ocean
Wishin' you was here with me while I'm really hoping
Missed my last appointment, matter of fact the last two
We need to reschedule, I'm well overdue
You my princess, you get what I give
Low down, place, nice cars, ice sprees
You're the boss girl,
Louis it is, gucci it is
You're the daddy's girl,
Nice ass, nice lips
I love to make you laugh
I love to make you smile
You're on pacific top
How about I'll fly you down?
I know you girls witched
Black booked em two
We touching down in tokyo
I see you later, boo

[Chorus:]

You know what time it is, baby?
You know what time it is, baby?
You know what time it is, baby?
I'll be your romeo
I'll be your romeo
