Dreams of love  
My secret is with you  
I think of how our love could be  
But all my friends say I'm a fool  
I don't care  
What people have to say  
Whenever I can  
I'll be there for you  
I am sure I'll find the way  
Chorus:  
Whatever you do  
Don't break my heart  
Wherever you go  
We'll never part  
'Cause I know our love is strong enough  
And you'll always be my secret love  
You and I  
It's like the book of love  
I must have read a thousand pages  
But it seems it's not enough  
I wish I  
Could give the world to you  
And when I see a falling star  
Then I will make that wish come true  
chrous  
Out of love  
Out of hand  
Make me understand  
Baby please  
All need (is to see)  
What it takes  
For me to win our love  
Your love  
chrous  
And you'll always be my secret love (x2)  
My secret love  
Forever
