Baby don't worry  
Don't worry about a thing at all  
I'll give you answers,  
to the questions... you've been looking for

There is no reason  
For you to feel sad and insecure  
It makes it harder,  
for me...to open the door

If they ask me if you got my heart  
The answer is yes, the answer is yes  
There's no question I think I've been blessed  
If I must confess, I will confess

Are you standing there with so much love  
In my heart, I'm blessed  
Are you sure there ain't no doubt  
The answer is yes  
The answer is yes

So won't you come closer  
Closer to the road that's been build for you  
and me  
As wild as a river...of love  
That runs through my veins

If they ask me if you got my heart  
The answer is yes, the answer is yes  
There's no question I think I've been blessed  
If I must confess, I will confess

Every day, I am waiting for you baby  
Every night, baby I'm falling  
Baby I'm falling in love

Oh oh oh oh oh I'm falling  
Baby I'm falling

If they ask me if you got my heart  
The answer is yes, the answer is yes

There's no question I think I've been blessed  
If I must confess, I will confess

Are you standing there with so much love  
In my heart, I'm blessed  
Are you sure there ain't no doubt  
Are you sure there ain't no doubt  
The answer is yes
