Baby I know
So don't deny it
You and I know what we're fighting for
You should know
That I won't leave ya
You're still the one that I adore
Let's talk about you and me
Don't give it up easily
Just try to understand
That I want more than just your hand
You're the one that I dream about
The one I can't live without
You say you'd be mine
But I know it takes time
So she says,
If you're the one for me
Tell me why
I can't feel it
If you say,
Your love is endlessly
I wish I could believe it
Sugar I know,
Situation's gettin' deeper
This is too much for me to bare
Lady hold on, don't let go
'Cause this ain't no game
It's no truth or dare
Let's talk about you and me
Don't give it up easily
Just try to understand
That I want more than just your hand
You're the one that I dream about
The one I can't live without
You say you'd be mine
Girl it only takes time
So she says,
If you're the one for me
Tell me why
I can't feel it
If you say,
Your love is endlessly
I wish I could believe it

You want to hold me,
I guess you told me
Why don't you trust me
'Cause I will take you there
I want to hold you
I guess I told you
I know I trust you
and I will take you there
