na na na na na na na na  
na na na na na na na

Over the hills and far away  
Into a land unknown  
That's where she'll run from time to time  
To a place where she feels at home  
There's no rhyme or reason  
To where she might be  
But one way of knowing  
Just one way to see

When she smiles  
Look in her eyes  
And she will take you there  
She'll take you anywhere  
take you anywhere  
And for a while  
You're side by side  
Sharing the ride with her  
And you will understand  
You'll see  
Why she's so beautiful.... to me

And though  
Meeting her makes you feel lonely  
You'll give her your heart and she's only passing by  
She'll spend some time to see your light of day  
But shines so bright she will turn away  
And you'll try and fail to make her stay  
But still, she makes it worth your while

When she smiles  
Look in her eyes  
And she will take you there  
She'll take you anywhere  
take you anywhere  
And for a while  
You're side by side  
Sharing the ride with her  
And you will understand  
You'll see

Why she's so beautiful to me

When she smiles  
Look in her eyes  
she will take you there  
na na na na na na na na  
And for a while  
You're side by side  
Sharing the ride with her  
And you will understand  
You'll see  
Why she's so beautiful to me
