I gotta let U know just how I feel
I'm not ashamed to say
Like many others are
And I'll take the chance
You'll laugh at me
But I gotta get it of my chest
And maybe you will take
Your chance with me
'Cause girl you were standing alone
In the cold I believe
In days like these
You might be deceived
Don't be a fool
Looking for a love that will
Always be there
If not in you then
I might find it nowhere
Your love is all that I need
Before I call it a day
Don't need a reason to let U know
Your love is all that I need
Before I call it a day
And baby all I need is your love
Your love all day
Your love all day
Gotta let you know just how I feel
U gotta understand our destiny is
In your hands
Don't ask me questions girl,
Don't ask me why
If we're not meant to be together
God has told me a lie
And baby your love
Is all that I need
You better make up your mind
I never had to beg for love
Until this day I'm begging you, baby
Please stay
