I've been trying to open the door  
To the secret of my destiny  
And every new road I think is the one  
Seems to lead right back to me

I've looked for a way to be wiser  
A way to be strong  
Now I see the answer was hiding  
In me all along

And I'm ready to fly over the sun like a rocket to heaven  
And I'm ready to soar right through the sky  
Never dreamed I'd find something to lift me so high  
I've always had wings but I wasn't ready to fly

Restless, hopeless, and misunderstood  
Like so many others I know  
So busy tryin' to keep holdin' on  
When I should've been letting go

I was given the gift to find it  
The spirit inside me  
But I never really imagined  
All I could be

And I'm ready to fly over the sun like a rocket to heaven  
And I'm ready to soar right through the sky  
Never dreamed I'd find something to lift me so high  
I've always had wings but I wasn't ready to fly

The answer to all of my wonder  
Was right in my hands  
Now it's time for me to discover  
All that I am

And I'm ready to fly over the sun like a rocket to heaven  
And I'm ready to soar right through the sky  
Never dreamed I'd find something to lift me so high  
I've always had wings but I wasn't ready to fly

I've always had wings, now I'm finally ready to fly
