You've been wandering,
Always searching,
There's no comfort for a heart without amore.
You've been frozen,
No one know it,
Now it's time to end the winter of your soul.
I'm here you fly right by me,
so near, I'm the wind through your hair...

[Chorus]

Look in the eyes of love
And you will see
Someone who needs you more than air to live and
breathe,
Someone who will always hear you cry,
Run to you and hold you through the night,
Turn around and look into the eyes of love!

You've been waiting,
For the moment,
When the sky would open up and show the way.
This is real,
You're not dreaming,
You're here! All you need is to touch me!
I swear, you fears will all fall away!

[Chorus]

Look in the eyes of love
And you will see
Someone who needs you more than air to live and
breathe,
Someone who will always hear you cry,
Run to you and hold you through the night,
Turn around and look into the eyes of love!

Come to me and you will feel
the love you've been waiting for!
I'm the one!

[Chorus]

Look in the eyes of love
And you will see
Someone who needs you more than air to live and
breathe,
Someone who will always hear you cry,
Run to you and hold you through the night,
Turn around and look into the eyes of love!

Look to the stars above,
And you will find,
I'm the guy you'd like to be
When life's unkind
Turn around and look into the eyes of love...
Of love!
