baby you are my weakness
i do anything for you
and i don't know why we can't do this
i just wish it wasn't true

but i keep hearing these things people say
where you've been and with whom
got me on my knees, i'm asking you please
this time, tell me the truth

(ref) is it gonna be him?
is it gonna be me?
make up your mind what's it gonna be?
is it gonna be him?
is it gonna be me?
tell me the truth or just let me be...
just let me be...

tell me what you've been missing
that he's given to you
what kind of things is he doing
that i just can't do

don't make this harder than it is
just tell me what to expect
we've traveled a long way together
show me some respect

(ref) is it gonna be...
