(Verse)

Let all the hoes in here  
Fuck boys stay out  
Who got the work, I got the work  
Even in that drought  
Fuck boys can't knock me  
DT's can't lock me  
I be on that doorway  
Gonna see that poppy  
For my nigga smoking that kesha  
Niggas getting that kesha  
I was all in that kitchen  
I was cooking up making ethane  
Giving fiends that medicine  
Bitch called I let her in  
Giving head for a long time  
I'ma call her handle it  
Always been in my swag nigga  
Always been in my bag nigga  
I'll go everything like I'm trained at that nigga  
In the past nigga, you was hot in the past nigga  
Now everything you touch motherfucker trash nigga  
I pop the bottle she twerk it right and I laugh nigga

That 6 mil, that 6 mil in the stash nigga  
If you owe me then I need that and that cash nigga  
Her body crazy can't paint a picture that ass nigga

(Verse)

All my niggas be cased up  
Late night with the late sluts  
Ain't going down town nigga  
Willin out and them banks up  
Molly had that razor  
Wish a nigga would raze her  
Fuck a number 2 pencil nigga  
That's that know a race ye  
My nigga Biggs told me that he will write  
I don't fuck a bitch unless she will rock  
If I don't got rozay then I don't feel right  
I'm all in all a 6 mill real talk  
In the dirt where your racks lay  
On the south where my mac lay  
All the hoes in your back nigga  
Your nick name should be batch bay  
Heard the feds tryin to catch me  
Dumb niggas never catch me  
Unless I would a new bad bitch  
And that ass distract me

(Bridge)
