Girls flex ha time to have sex  
With the mommies getting out that cabessa  
Flex ha time to have sex

Wife in the club don't pull out your tech  
Show your weapon , see that Louie or that Gucci  
mommy  
When I'm stepping  
I'm about that life girl and I'm repping  
After I beat it up you call me a legend

(Verse)

Mommy got her new shoes on 'cause her crown on  
Niggas got their cus balls blowing all that loud now  
My niggas locked down this a motherfucking shout out  
We gon' ball forever we don't ever fuckin fall out  
European cars every time the fam roll out  
Rollies on the wrist nigga no doubt, no doubt  
Meet a bad bitch then it's her house, her house  
Find out that I'm a pimp then she wild out, wild out  
Ya know my rep, ya niggas know my rep  
Go to the jeweler drop a hundred on my neck  
Fly niggas, fly niggas that deaf fly  
In the club mommy sucking on my neck blind  
You see the watch, look like a baguette stomp  
I'm tryin to have sex with judges epon  
I'm hollow world teflon don  
You all see the hood in the morn

This one's for me so I'll take the high again  
I'm on the dancefloor with jaicams doing the wan again  
Shawty must've asked me 3 times what's your sign

Shots pop off I hope they don't put me in the line again  
Pills vary dope coupe , my rims very shiny man  
But leave these birds out as a place will might find me
