40 cal don't hesitate
Drop it drunk on the interstate
Rest in peace to Nate Dogg
Nigga front we gonna regulate
Real niggas here don't need to wait
This shit is cray
Might bend it over don't let me penetrate
You see that kesha all up in the air
It's starting niggas like preacher and head
Tilt the club into a movie theater
White seats like all the bleach to chair
Swag, swagging all on your bitch house
My nigga did 10 years
Came home niggas what your bed about
I ain't trippin out, get the liquor out
Big box your big casket I go there and I pick it out

Now what the fuck wrong witcha mind
We in the streets if it go down go do your time
You stay protected every day a nigga die
You owe some money get in line or get a 90 get to
bustin' comin
Ain't no weak shit no fussing
Ain't no fake shit just prove
But nigga try to play me
First thing I'm gonna shoot
First thing I'm gonna do when I count up my check
Die about my respect

Politicin' with the real niggas
Politician they all listen

I fuck with them but can't fuck with them
'Cause I ain't stuck with 'em
You like real talk and hell action
