(Hook)

Teach you niggas how to trap, Mr Miyagi
Teach you how to cook crack, Mr Miyagi
Teach you niggas how to stunt, Mr Miyagi

I can have any bitch I want, Mr Miyagi
Tonight I'm getting fucked up that's the truth nigga
I don't care if she a 10 or a deuce nigga
That money in my pocket that's the proof nigga
She mixing up the molly and the juice nigga

(Verse)

I'm in my own zone, yup I'm in my own zone
All this loud in the air fucking up the ozone
More money nigga means more chromes
Put a price on your head, get your head blown
I hear a voice nigga, you only hear dog
That's dumb dead presidents talking they say you
broke
They said you lyin' said you never ballin
I grab my chain hopped in my coupe , your bitch is
calling
Said what's your name?
She said , industry
She done fucked everybody in the industry
But who am I, to judge at all
I got the head and I do it all in my blubber all
The bass is loaded now the bass is loaded
That D stash just a case DT's patrolling
I love that money and I'm devoted
Cop back that DE fuck boy now hold it

(Verse: Shawty Lo)

I mix it up like patchwork
This smoke kush might blow little purps
Shawty Lo I got flav'
Y'all niggas done here y'all know I'm paid
White girl, Kesha
Molly world I don't believe in karma
I believe in come on, Erin Wasson
I'm doing numbers with my summers
Let's get to the money
Shawty Lo run deep a bunch of shawty
Set the 44 turn plug
Molly world got it fucked up
