(Hook)

Hey girl I'm all the way turned up  
I'm all the way turned up girl  
I'm all the way turned up

I'm all the way turned up  
And your man is fucking up  
And your man is fucking up  
And your man is fucking up  
And your man is fucking up

(Verse)

Your boy got all axes smack that  
Turned to smack this  
Bad hoes, nine old ratchets  
One nigga , 4 hoes on the mattress  
I only let the best in  
Said she can suck it better than her best friend  
Ye you're working on your portfolio  
Make it pop so a nigga can't record it though  
Call her dick rider  
Na for real she a dick rider  
I'm like me no lie  
Turn around pull her hair when I'm inside

(Hook)

Hey girl I'm all the way turned up  
I'm all the way turned up girl  
I'm all the way turned up  
I'm all the way turned up  
And your man is fucking up  
And your man is fucking up  
And your man is fucking up  
And your man is fucking up

(Verse)

She wanna see a nigga cash out  
She wanna see a nigga tap out  
Like a light skin bitch with a bad mouth  
She give head on the highway  
That's why a nigga always take the highway

We're gonna do the shit my way  
You kiss her and lick her that's what I say  
You never seen it before  
Fucking old money you ain't never dream of before  
Them pills that loud never leaning before  
She drink she taste without her bringing the dough

(Hook)

Hey girl I'm all the way turned up  
I'm all the way turned up girl  
I'm all the way turned up  
I'm all the way turned up  
And your man is fucking up  
And your man is fucking up  
And your man is fucking up  
And your man is fucking up

(Verse)

She kneel back when she finish  
I'm on her face like a blemish  
She about her business  
Used to be in the hood cooking like a chemist  
I'm about that work key  
Mommy show me that work key  
I know you haters wanna murk me  
This model now, I burk it

(Hook)

Hey girl I'm all the way turned up
