Speechless vows unbroken
Shattered lives to open

Disconcerting Vision
Remedy Suspicion

So consciously planning escape
From the name that they gave you
From the ways that they showed you

So consciously planning escape
From the name that they gave you
From the way they disowned you

You've taken yours
Now I'm taking mine
If I could bring you back with me I would...

My verdicts read (guilty)
My spirits' fed (resting)
I'm documenting what I've seen

Reacting clearer where I go
Unwinding string that don't unfold

Sullen eyes have opened
Now I've had my say
