Verse:

There's a wind that's a blowin' it's carrying me
onward... it's taking me places... I've not seen before.

It's filling my sails... the ship pitches forward... I've not
seen a wind... alike this before...

There's a light in the distance beckoning me onward...
the wind sets my course... to starboard I go... It must
me a port or perhaps a lone drifter... who's light is a
**** of a wind of it's own.

Chorus:

And I hear the wind as it calls out my name... it
whispers it to me as it blows off the waves
There's a wind that's a blowin' it's carrying me
onward... it's taking me places... I've not seen before.

Verse:

The light in the distance is fading so softly... as the
wind takes me onward, a mind of it's own... No light to
be seen just oceans of darkness... the sea mist is cold
as the wind that unfolds. (Chorus)

Verse:

My sails are now tattered as the wind rages onward the
winds growing strong the sea stands a roars... The bow
waves crash harder... the main mast falls downward...
there's a wind that's a blowin' a will of it's own. (Chorus)

Verse:

Alas, in the darkness the wind gathers to me, there's a
light in the distance to help calm my soul...
There's a ship on the ocean a drift in calm waters... a
waiting a wind, to take it on home.

And I hear the wind as it calls out my name... it
whispers it to me as it blows off the waves... (whisper)...

There's a wind that's a blowin' it's carrying me
onward...

It's taking me places...
I've not... seen before.
