White is the colour of night  
When there's nobody there,  
And you sit in your chair,  
Getting drunk on despair.

Red is the colour it's said  
That can drive you insane  
With pleasure or pain...  
It depends on your head.

Brown is the colour of skin  
That I'd like to be in,  
'cause it doesn't feel right  
To be coloured so white.

Blue is the colour of sky  
And I won't even try  
To explain how or why,  
I'll just show you the sky  
Just show you the sky
