Jahhhh!

(Chorus)

Mankind mankind open your eyes and face up to reality

Mankind mankind open your eyes and face up to reality

(Verse 1)

Every time I rise up

One thing I keep on seeing

Brothers are fighting against brothers

Sisters are fighting against sisters

About skin color, religion, nationality

Which I man can't understand.

No!

When I open my third eye and face up to what we call  
reality

I know there is one God, Jah!

His eternal majesty

He sent Moses, Elijah, Jesus Christ

But still we're acting like we're blind

We're acting like we're deaf

Ohh, ohh, ohh, ohhh!

(Chorus)

Mankind mankind open your eyes and face up to reality

Mankind mankind open your eyes and face up to reality

Shaadaaptapte podede,

shaaadaaptaptepodede...

(Verse 2)

Halla dem a halla dem a bawl

Seh dem a cry times are too hard

Halla dem a halla dem a bababababa bawl!

They're screaming, times are too difficult

You rise up in the morning

Doing what is negative yeahhh!

What do you expect mi lion!

To come your wayyy, eh hh, eh hh, eh hh!

You've got to do what is right

In the sight of Jah Jah yeah!

Do what is right! in the sight of The Most High!

Shaadaaptapte podede,

shaaadaaptaptepodede...
