[Mr. Biggs]
Hello there ladies
[Ladies]
Yeah
[Mr. Biggs]
How are you doing tonight
[Ladies]
Fine
[Mr. Biggs]
Can I keep it real
[Ladies]
Yeah
[Mr. Biggs]
and say whats on my mind
[Ladies]
Yeah

[Verse 1:]
There you are
in that chair
waiting for me
to take you there
to break it down
and sing to you
and make you feel
these words are true

[Hook:]
By hands
Who want to be that lucky one
by Hands
Who wants me to spend some money and have some
fun tell me
(I choose you)-[spoken]
what would you do

[Chorus:]
What would you do if I said all these words were true
What would you do if I came down there and sat with
you
What would you do if I told the band to break it down

What would you do if I said I want to lay you down
What would you do if I put this money in your hand
What would you do if I said I like to be your man
What would you do if I brought you up on these stairs
What would you do
What would you do

[Verse 2:]

The lights are down
The mood is set
The sound is right
I'll mute it
Look to my left and check my crown
Look to my right to see if they are ready now

[Hook:]

By hands
Tell me who out there feels lucky
By hands
Wants me to take'em shoppin
Wants me to buy them everything
(I choose you)-[spoken]
Now what would you do

[Repeat Chorus]

[Brigde:]

What if i got your Hair done
Nails done clothes done
and Bank account
I even take you shoppin
eat good and you'll have your own car and platium
credit cards
what would you do

[Repeat Chorus 2x]-acapo
