"I Will Dance"

Visit "[I Will Dance](#)" on MotoLyrics.com

Glory to God in the morning when I rise
I will lift up my eyes
And dancing is going to be the order of the day, yes it
is
Alleluia

In the morning when I rise
I will lift up my eyes and behold I will dance
In the morning when I rise
I will lift up my eyes and behold I will dance

In the morning when I rise
I will lift up my eyes and behold I will dance
In the morning when I rise
I will lift up my eyes and behold I will dance

Jesus lifted all my burdens
And He washed all my sins away
And then He took this earthen body
And He made it His dwelling place, yeah

In the morning when I rise
I will lift up my eyes and behold I will dance
In the morning when I rise
I will lift up my eyes and behold I will dance

In the morning when I rise
I will lift up my eyes and behold I will dance
In the morning when I rise
I will lift up my eyes and behold I will dance

Jesus lifted all my burdens
He washed all my sins away
And then He took this earthen body
He made it His dwelling place

He said He'd never leave me nor forsake me
He'd be with me through thick and thin
So I have opened up my heart
And let the beauty of His love come in, that's why

In the morning when I rise

I will lift up my eyes and behold I will dance
In the morning when I rise
I will lift up my eyes and behold I will dance

In the morning when I rise
I will lift up my eyes and behold I will dance
In the morning when I rise
I will lift up my eyes and behold I will dance

Let's sing, let's dance, let's celebrate
Together let's praise the Lord
Come on let's sing, let's dance, let's celebrate
Everybody make a joyful noise

Let's sing, let's dance, let's celebrate
Together let's praise the Lord
Let's sing, let's dance, let's celebrate
Everybody make a joyful noise

Let's sing, let's dance, let's celebrate
Together let's praise the Lord
Let's sing, let's dance, let's celebrate
Everybody make a joyful noise

Let's sing, let's dance, let's celebrate
Together let's praise the Lord
Let's sing, let's dance, let's celebrate
Everybody make a joyful noise

My God is good, my God is great
If you give me just a minute I'll elaborate
I got a new heart a new life to generate mine
With a future of Him that can be mess of time

I want to hang with Him for the rest of my day
As long as I can speak to Him want to give Him grace
So get up with me and get into this thing
Put your hands in the air and give it to the King

Alleluia, alleluia, alleluia, alleluia
Alleluia, alleluia, alleluia, alleluia

In the morning when I rise
I will lift up my eyes and behold I will dance
In the morning when I rise
I will lift up my eyes and behold I will dance

In the morning when I rise
I will lift up my eyes and behold I will dance
In the morning when I rise
I will lift up my eyes and behold I will dance

In the morning when I rise
