Ah, ah, I told you I'll be right back
No better way to end the evening
Than with a night cap
We were telling with my folk
Tv here nice cabin,
Now we back up at the crib,
Yeah it's like that
Pulling something good bout the jar and then we light
that
While we puffing, putting on a charmer
She don't fight back
Pulling out the bait for Shawty, see if she gonna bite
that
Whispering up in her hear, yeah I know she like that
See I got a way with words man I make them work
So I might not look the best, but I can still go pull a skirt
But, now all kind of case stay eyes it doesn't hurt
Who I'm becoming it just makes me more cautious
When it comes to trusting a woman,
So let's have fun, and I get caught up and who's faking
shit
Cause I've been talking bout a night cap, not
relationship
So you better plot your exit quick if you ain't down with
this
I ain't taking shit especially when dealing with dating
chicks

[Hook] x 2

Now baby girl I know it's late but what you gonna do
next?
Cause I know that I'm gonna, eventually get that text
At 2 am that's been word up saying you laying in the
bed
So let's just skip this step, join me for this night cap
instead

Ah, a couple minutes later, I received that text
She said she had a bad day under tremendous stress
I say it's all cool darling come and let's caress
Come and join this night cap, never a time to fuss or

fret
Meet me at the place you wanna be and don't forget
About the golden rule of us, we're not exclusive yet
She text back we doing, saying she bout the jeg
I just pray she got her mind right,
So don't know feeling sick
I'm just here to have fun, forget relationships
You ain't gotta put nothing up, make it here super quick
Put a smile on your face, and don't be tryina trip
Just say she cool with that,
But I better not ever flip
Or in the thing that I said, or that was heaven sent
Smiley face dot, dot, now could you let me in
I stepped to the door as I proceed to open it
All she got on is a trench coat, I'ma be your bandit
