(Kostas/Tony Perez)

All you have to do now, baby  
Is pull on my heart strings  
Let me know which way to go  
'Cause that's all right with me

Love me like a river, baby  
I'll love you like the sea  
Love me any time at all  
'Cause that's all right with me

Well, the night is tender and the night is long  
And I like what I see  
There's a sparkle in your eyes like the stars in the sky  
And I know what it means  
Oh, any time or any place  
Wherever we may be  
We're wild and we're young and we're free to love  
And that's all right  
That's all right with me

So close your pretty eyes now, baby  
And put me in your dreams  
In your world of fantasy  
'Cause that's all right with me

Well, the night is tender and the night is long  
And I like what I see  
There's a sparkle in your eyes like the stars in the sky  
And I know what it means  
Oh, any time or any place  
Wherever we may be  
We're wild and we're young and we're free to love  
And that's all right  
That's all right with me

Oh, that's all right  
That's all right with me  
Hey, that's all right  
That's all right with me
