That girl
From two blocks down and one street over
Wish I never got to know her
That girl

That night
She was lit by the moon and the fireflies
She taught me how to kiss her right
That girl

I haven't seen her since I don't know when
I hear rumors and stories
But I don't know where she's been

Seems like yesterday
Yeah, I remember everything
And it went so perfectly
Or atleast that's the way it seemed to me
It would break your heart
So I won't ever tell
'Cause I know that you can't help
That you're not that girl

She was wild and free
But you're so steady
She wouldn't settle down
But you were ready

You're the one that's real
And you're here tonight
But I wish it was her
Starin' in my eyes

Seems like yesterday
Yeah, I remember everything
And it went so perfectly
Or atleast that's the way it seemed to me
It would break your heart
So I won't ever tell
'Cause I know that you can't help
That you're not that girl

That Girl
From two blocks down and one street over
Wish I never got to know her
