You satisfy my soul  
And I stand amazed at the blessings I've known  
And still to this day, the mercies you show  
Make it clear to see that you love me

And you give each breath I breath  
You color the skies with beautiful leaves  
You've proven that you will provide for my needs  
The way you fill me Lord, how could I ask for more

And I'm satisfied, satisfied  
I've been cared for so faithfully  
But Lord hear my plea  
May it be that you're satisfied with me

And you give me grace without end  
And you have forever removed all my sin  
And now the makers of heaven and earth call me  
friend  
And from the joy that brings, oh how my spirit sings

I'm satisfied, I'm satisfied  
I've been cared for so faithfully, yeah  
But Lord hear my plea  
May it be that you're satisfied with me, yeah  
Yeah

Good Lord, hear my plea  
May it be that you're satisfied  
Are you satisfied? Please say  
You're satisfied with me
