Ain't it funny hats, huh pats  
Quick, quick like Santa with hourglass  
It's like the party has just began  
And nobody's in here ready for taking it back  
I guess it's my last chance, ah  
To ask her for the last dance, ah  
So bout to go by the...  
And when we hit the floor everybody yelling go like  
Go, go, yellow light, green light  
Yellow light, red light, go green light  
Go, go, yellow light, green light  
Yellow light, red light, go green light

I'm play her pina butter smooth, I'ma  
Pulling out the best moves on her  
I thinking... when she see me get it, get it one the floor  
I'ma teach you how to...  
After she watch me hit my duggy  
And home boy down like me but  
Guess what, all the love me  
And we hot, we both on fire  
We ain't leaving here until the time expire  
We ain't leaving here until we drop dead tired  
We ain't leaving here until the... burned up  
And we ain't leaving here...  
And everybody round me hate me...  
And we say, wassup

Red light, yellow light green light

Yellow light, red light, yellow, green light X 4

Swing hard... crowd's going wild and it's nothing you  
can tell me  
I know what they call this... putting on a show  
Cause this right here is my swag  
... and you can never... so please...  
Party... till you boys turn up...  
We gonna turn it up until the speakers blow up  
... everybody know what

Red light, yellow light green light  
Yellow light, red light, yellow, green light X 4

... party the end  
So I get a few hugs, and I shake a few hands  
Get a few numbers and I make a few friends  
They hit the same spot and do it all over again  
Chilling with a Shawty and a few of my friends  
... taking pictures of my friends  
Tonight we got it in... and we jumped in the Bentley  
Heading to the drive through, may I take your order?  
Strawberry milk shake, fries and a...  
... we far from the party they still yelling go, go

Red light, yellow light green light  
Yellow light, red light, yellow, green light X 4
