"Just Be Proud"

Visit "[Just Be Proud](#)" on MotoLyrics.com

I, am taking the risk
I'm loosing my mind
I'm dealing with death and many other things
I want to know why I'm dealing rejection and all you
gave me

CHORUS::

Just be proud, whatever you are
Everybody's wrong you're the only right
Just be proud, no matter if they say that you're wrong...
be proud

I am giving all up
I'm different you know
And I ain't never gonna change
I'm screaming for more
Just watch me rising up

CHORUS x2

Just be proud of you
I am proud of me
We must be prud of us

CHORUS x2
