Feels like I'm swimming in oceans  
Laying in my bed, my bed, my bed  
I don't think I saw this thing coming  
It's always in my head, my head, my head

Before there was you  
I was going through hell  
Trying to find my way back to what I thought was with  
heaven  
And I look at you  
It's so easy to love  
It's so easy to smile  
And I know

You only get one  
You only get one chance  
You only get once in a lifetime to find her  
You only get once  
You only get one chance  
You only get once in a lifetime to find that love  
And I'm diving, And I'm diving, Oh I'm diving, Into you  
Because I only have one

I know you think it was over  
Was it something that I said, I said, I said  
Whoever thought love was easy  
The pain is in my hands, my hands

Because before I met you  
The angels thought I was dead  
They carried me to the grave  
But then your lips brought me back  
When I look at you  
I see the deepest of love  
It's so easy to smile  
So I know

You only get one  
You only get one chance  
You only get once in a lifetime to find her  
You only get once  
You only get one chance

You only get once in a lifetime to find that love  
And I'm diving, And I'm diving, Oh I'm diving,  
And I won't be afraid  
To keep diving, keep diving, Oh I'm diving straight into  
you

I'm on the edge and I'm about to fall  
And I don't care  
Are you there  
I only know how to give you my everything  
There may not be a second chance

You only live once  
You only get one chance  
You only get once in a lifetime to find love  
You only get once  
You only get one chance  
You only get once in a lifetime to find that girl  
And I'm diving, I'm diving, And I'm diving  
And I won't be afraid  
To keep diving, keep diving, And I'm diving, Into you  
Because I only have one

Feels like I'm swimming in oceans  
I'm laying in my bed...
