I wasn't looking for a miracle
But someday I knew I would have it all
I'm not gonna like anyone else
Only thing I keep more to myself
I make Good and Badder Days
More things not going my way
And that's when I stop
And I know I need to
Just find me, yeahh

Sometimes I feel alone
That's not me
Then you make sure it's you I could depend on
You show me how to love
Now that's me
It feels so good to have someone to lean on, ohh
(Have someone to lean on)
Ohhh (Have someone to lean on)

I wish there was more I could do for you
More than I can do for myself
That's the reason why I chose you
'Cause you're not unlike anyone else
It's never been so nice
'Cause your love is so alive
That's why I can call on you forever

Sometimes I feel alone
That's not me
Then you make sure it's you I could depend on
You show me how to love
Now that's me
It feels so good to have someone to lean on

Sometimes I feel alone
That's not me
Then you make sure it's you I could depend on
You show me how to love
Now that's me
It feels so good to have someone to lean on

Have someone to lean on, ohh ohhh

Have someone to lean on

Never misunderstood
Never up to no good
That's how I know
It's not happy all inside (?)
Oooh, oooh, ooh, ooh, ooh

Sometimes I feel alone
That's not me
Then you make sure it's you I could depend on
You show me how to love
Now that's me
It feels so good to have someone to lean on

Sometimes I feel alone
That's not me
Then you make sure it's you I could depend on
You show me how to love
Now that's me
It feels so good to have someone to lean on

Have someone to lean on, oh ohh
Have someone to lean on
