When you look at me that way  
I know no matter what we'll find our way  
'Cause I can't bear to see you cry  
No this ain't the ending, it don't mean anything,  
It's just goodbye  
Another call on my phone missed  
Another year of broken promises  
No I can't bear to tell more lies  
This ain't the ending, it don't mean anything,  
It's just goodbye  
I don't like breaking your heart  
I don't like making us start  
All over again, all over again  
I feel so cruel, I feel so cruel  
It's nothing to do with you  
I swear you need to know  
I just got confused and lost my way some time ago  
I don't mean half the things I say  
'Cause I'm half a man, give me half a chance  
To prove I can change, I know I can change  
I don't like breaking your heart  
I don't like making us start  
All over again, all over again  
I feel so cruel, I feel so cruel, I feel so cruel,  
What I've done to you  
Now I can't bear to see you cry  
No this ain't the ending,  
It don't mean anything, it's just goodbye  
No this ain't the ending, it don't mean anything  
No oh  
I don't like breaking your heart  
I don't like making us start  
All over again, all over again  
I feel so cruel, I feel so cruel, I feel so cruel  
What I've done to you  
I don't like breaking your heart  
I don't like making us start  
All over again, all over again  
I feel so cruel, I feel so cruel, I feel so cruel
