I don't care
If u sing all night
Just get up on your feet and end the night
Cuz we're gonna party all night
Gonna party all night
Gonna party all night
Gonna party all night
Let me love you let me love you, you beautiful
And lets show you're man
You can do better let him go
Cuz I never seen a girl like you before
That walks and talks like you before
Girl I'm still stuck in you're eyes
Let me take you
Let me take you out tonight
Show you something
Show you something a good time
Should party tonight girl (night girl)
Should party tonight girl (night girl)
You and me up in the world
You and me up in the world
No I don't care
If u sing all night
Just get up on your feet and end the night
Cuz we're gonna party all night
Gonna party all night
Gonna party all night
Gonna party all night
Your body my body touching all around
I'm feeling your lips softly on mines now
Kissing from your neck to your lips and down
I just wanna please you
Show you what I do
I just want you to dance now
I just want you to love
I just want you to dance now
I just want you to love
Cuz the way you biting your lip girl
The way you move your lips girl
The way you biting your lip girl
Cuz it turns me on

No I don't care
If u sing all night
Just get up on your feet and end the night
Cuz we're gonna party all night
Gonna party all night
Gonna party all night
Gonna party all night
No I don't care
If u sing all night
Just get up on your feet and end the night
Cuz we're gonna party all night
Gonna party all night
Gonna party all night
Gonna party all night
