Just let me say I'm over you
Next thing I know my heart breaks into
It happens every time I think of you
Just let me smile and soon as I do
Here comes the tears right out of the blue
It happens every time I think of you.

And every night I go to sleep
Thinking that I'll forget
Then I dream of you and wake up to find
My pillow soaking wet.

Just let me hear the sound of your name
That's all it takes and I go insane
It happens every time I think of you
And I think of you all the time...
