If you need someone to talk to, you can talk to me
I can give you all my time and my advice is free
You're a really pretty lady, I like the moves you're
making
And the nights, they do get lonely, if you know what I'm
saying

I can give you anything you ask
Almost anything I have
If it's my heart you want
It's already taken

Though I don't have somebody waiting for me at home
And except for her memory, lately I've been all alone
I've got an empty place inside me, there's no faking
'Cause the part of me she took away, there's no
replacing

Well, I can give you anything you ask
Almost anything I have
If it's my heart you want
It's already taken
If it's my heart you want
It's already taken

Baby, in another place, oh, in another time
We could have made the sweetest love
When my heart was still mine, oh yeah

Well, I can give you anything you ask
Almost anything I have
Well, if it's my heart you want
It's already taken
If it's my heart you want
It's already taken

If it's my heart you want
It's already taken
It's already taken
My heart's already taken
Oh, I don't need another heartbreak

It's already taken
It's already taken
My heart's already taken
It's already taken, oh

My heart's already taken
