"It's Written All Over Your Face"

Is there a tear in that gleam in your eyes

Is there a reason for me to ask why

Don't say a word....cause you never could lie

Don't be afraid of what you can't hide

Bridge:

It's written all over your face

Someone has taken my place

And it's something you just can't erase

It's written all over your face

You look in my eyes, you want to be strong

But you don't feel a thing when the feeling is gone

It's not that it's right and it's not that it's wrong

You just can't let go but you just can't hold on
