Who I'd like if you can tell me who is that I eat for
Who I'd like if you can tell me who is
I'd like to view into
This weird sodden life
Are you worth it?
Who I'd like if you can tell me who is to beat the
Right time
Who I'd like if you can tell me who is
I'd like to view into
This weird sodden life
Are you worth it?
Go-go answers
Of fu**ed up lives
So we speak to know what's still
Who I'd like if you can tell me who here is to set
Rules out
Who I'd like if you can tell me who is

I'd like to view into
This weird sodden life
Are you worth it?
Go-go answers
Of fu**ed up lives
So we say to justify lies
It'll maybe get back to me
And no compressed by our dogmas
It'll maybe get back to me
So make light of your ringhtnows
You'll maybe get back to me
You'll maybe get back to me
Go-go answers
Of fu**ed up lives
So we speak to know what's still
You'll maybe get back to me
So we speak to know what's still
You'll maybe get back to me
