I need a miracle
I've got to get away from here
It's too much I've been through
I'm standing on the edge of my life

I don't need any money
I just need eyes to see
The world I left behind
Is right in front of me

So don't stop
Find a way to live it up
Or you'll never gonna know
Don't stop (don't stop)
You've gotta let go
You're never gonna know
If you're living on the borderline

I've seen so many faces
Still running from their dreams
You've got to stand and look around (look around)
I'm thinking let's go crazy
Do what I wanna do
Forget the pain that's living
It's time to make it through

So don't stop
Find a way to live it up
Or you'll never gonna know
Don't stop (don't stop)
You've gotta let go
You're never gonna know
If you're living on the borderline

You're never gonna know if you're living on the border

I thought I heard you laughing
Just as I turned away
I hope one day you'll see
The man I am and I'm more than you'll ever be

I need a miracle

So don't stop
Find a way to live it up
Or you'll never gonna know
Don't stop (don't stop)
You've gotta let go
You're never gonna know
If you're living on the borderline

Don't stop
Find a way to live it up
Or you'll never gonna know
Don't stop (don't stop)
You've gotta let go
You're never gonna know
If you're living on the borderline

(Don't stop)
Find a way to live it up
Find a way to live it up
Don't stop (don't stop)
You're never gonna know
If you're living on the borderline

Borderline

Don't stop
Don't stop (don't stop)
Live it up
Don't stop
Don't stop
Living on the borderline
