Don't know where I'm going  
But I sure know where I've been.  
A broken path of love that lies  
But someone set me free

But the moment that I saw you  
Something just felt right  
A piece of peace put into play  
Saved my life that night.

Don't throw all your dreams away  
Sometimes they come true  
Just try to make your way  
Love will find you  
But maybe not today

Maybe I've been dreaming  
But I've seen you in my mind  
A pretty face without a name  
My happiness was blind

Never thought there'd be an angel  
Watching over me.  
Living it up I've lost my faith  
Had nothing to believe

Don't throw all your dreams away  
Sometimes they come true  
Just try to make your way  
Love will find you  
But maybe not today

Can't you believe it?

Don't throw all your dreams away  
Sometimes they come true  
Just try to make your way  
Love will find you  
It'll find you

Don't throw all your dreams away

Sometimes they come true  
Just try to make your way  
Love will find you  
Someday.

Don't throw all your dreams away  
But maybe not today  
Just try to make your way  
Love will find you  
But maybe not today

Don't throw all your dreams away  
Love will find you someday  
Just try to make your way  
Love will find you  
... and it'll find you
