We might have met His children  
Maybe it's been a couple weeks  
I don't even know anymore  
You have that affect on me

And now I'm feeling like forever  
Just showed up at my door  
I've got a little piece of heaven  
It's all mine to hold onto

What I'm trying to say  
In my own simple way  
Is I want you to be my last first kiss  
I want you to be my last first kiss

My heart, yes it's finally found  
Someone I can't live without

And I wonder what you're thinking  
Whenever you're not around  
Any secret I was keepin'  
I wanna tell you right now

And when I dream about tomorrow  
I've got you on my mind  
I am hopelessly devoted  
Just want you in my life

What I'm trying to say  
In my own simple way  
Is I want you to be my last first kiss  
I want you to be my last first kiss

My heart, yes it's finally found  
My heart, yes it's finally found  
Someone I can't live without

I promise you nothing new  
Is gonna come around  
Making me change my mind  
Nothing new, only you on my mind

What I'm trying to say  
In my own simple way  
Is I want you to be my last first kiss  
I want you to be my last first kiss  
I want you to be my last first kiss

My heart, yes it's finally found  
My heart, yes it's finally found  
Someone I can't live without
