Choose

Whatever you

Whatever you want

Choose the blues

but your free

so live it through

while you do i'll chase your blues away

Teach the world

Learn it to

set it free

with no more blues

find your life

and live it through

while you do i'll chase your blues away

Hear the world

It talks to you

it tell you to

leave the blues

if i could learn

to live life too

maybe you could chase my blues away

Maybe you could chase my blues..

away
