Verse 1:

Oh howdy
It's Stevie Gee I believe
Rolling up a fatty to this blazing beat
Getting more connection then E harmony
Just puff puff pass to the melody (uh)
On a new day on a new way to start a new craze
Feeling smooth like my Nike blue sway
Seeking fame like a missile
Missing ain't a option nor a issue
Quick enough to say bless you
It's a nerd thang with an answer
Like a phone rang
Sick to the head
But don't catch a flu
Flows like a tempurpedic bed
Just like me and you
On the road to finish my quest
Never more or never less
Continue what I do with out leaving a mess
And doing what I'm doing is trying my dam best
Like back in the days
Like back in the days

Chorus:

I just wanna be like me and be real fly
Be real wise and always be high
They wanna be like me and be cool
Do it like I do and be real smooth
I just wanna be me and be real wise
Always be high living up my life
They wanna be like me
And be cool live it like I do
And just be smooth

Verse: 2

Yeah!
To smooth to artsy to be me
To wise to fly high can you see me?
Just slick to move quick is the feeling
Real dope on the flow sound so appealing

I'm just a kid who's in love with music
Put words together nothing hard nothing to it
Hip-hop flows thru my body like liquid fluids
Dope dope cool cool Uber is the Line
To shine I gotta win what is mine
I do what I have to do to get my sun rise
Excuse sir I just wanna shine
I hear it tick tocking I'm running out of time oh
But I hope that one day
When I grab it all I just want the fame
Just wondering if I'll ever be the same
Well I hope you all remember
My name

Chorus:

I just wanna be like me and be real fly
Be real wise and always be high
They wanna be like me and be cool
Do it like I do and be real smooth
I just wanna be me and be real wise
Always be high living up my life
They wanna be like me
And be cool live it like I do
And just be smooth
