I will keep you in my thoughts my darling  
Thoughts and prayers  
I will take you in my heart my darling  
Everywhere  
In my dreams  
Iâ€™ve been searching for that door of which Iâ€™m  
certain leads to yours that forever more will keep me in  
your thoughts and prayers  
From the privileged to the poor my darling  
Thoughts and prayers  
For the children of the war my darling  
Everywhere  
To the mine that the light of these made dawn, Â’til the  
blessed morning comes

Shining like the sun Iâ€™ll send you all my thoughts and  
prayers  
To the sky beyond the sky my darling  
Thoughts and prayers  
Through the struggle and the strife my darling  
Everywhere  
As we tend to this garden of our soul that someday we  
might behold Â’til I make it home Iâ€™ll send you all my  
thoughts and prayers  
Keep you in my thoughts and prayers.
