Now and then I think of when we were together  
Like when you said you felt so happy you could die  
Told myself that you were right for me  
But felt so lonely in your company  
But that was love and it's an ache I still remember

What you talking about honey  
You the one going around fooling with these dummys  
Acting like you aint never do nuffing to me  
Acting like you aint mess with my homie  
Try to hide that from me can't believe you try to act so  
funny  
Look me in the eyes and tell me that you love me  
Never knew that you was lien and coning

You didn't have to cut me off  
Make out like it never happened  
And that we were nothing  
And I don't even need your love  
But you treat me like a stranger  
And that feels so rough  
And you didn't have to stoop so low  
Have your friends collect your effects  
And then change your number  
I guess that I don't need that though  
Now you're just somebody that I used to know

Use to laught and fight and all that now you gotta face  
the fact  
Now you're just somebody that I used to know

Use to laught and fight and all that now you gotta face  
the fact  
Now you're just somebody that I used to know

What I look like girl I don't understand what's in your  
world  
Saying that love me but it was just words  
Everthing you said went right through my ear  
But my stupid as feeling was like it's a blrr  
I don't give a fuck about what you heard

Everything you said was just  
Now I'm thinking in my head these

Now and then I think of all the times you screwed me  
over  
But had me believing it was always something that I'd  
done  
Now and then I think of when we were together  
Like when you said you felt so happy you could die  
Told myself that you were right for me  
But felt so lonely in your company  
But that was love and it's an ache I still remember

Here I go  
Man about to off again  
Saying that you love me but you was just fronting it  
I'm getting tired of it  
The same o fucking speaks just take your shit in walk  
out girl  
Just go in peace damn

You didn't have to cut me off  
Make out like it never happened  
And that we were nothing  
And I don't even need your love  
But you treat me like a stranger  
And that feels so rough  
And you didn't have to stoop so low  
Have your friends collect your effects  
And then change your number  
I guess that I don't need that though  
Now you're just somebody that I used to know

Use to laught and fight and all that now you gotta face  
the fact  
Now you're just somebody that I used to know

Use to laught and fight and all that now you gotta face  
the fact  
Now you're just somebody that I used to know

Now and then I think of when we were together  
Like when you said you felt so happy you could die
